Challenging
contradictory genres
on the same stage

AMADEUS

With an overdose of energy, Amadeus recharges the music masterpieces from Bach's or Mozart's time until today. Vibrant cha-cha rhythms, the euphoria of a bolero, the energy of rock&roll, modern dance vibes or contemporary hit covers... strings and keyboards electrifying the audience. An unusual blend that manages to put the music scene in a surprising perspective, all in a unique show, fascinating for the public and exclusive at the same time.

Andreea (violin), Naomi (keyboards), Bianca (violin) and Patricia (cello) - have managed to break patterns and become one of the most original bands in Europe. With a contemporary and exquisite sound, evolving in a truly electric LIVE show, they won first the Romanian public and very quickly they went internationally. The fresh musical style, the virtuosity and the energy on stage brought the band a fast growing, hundreds of concerts and 6 albums sold out in the 14 years since the band's formation.

Years of success and the story continues

DEMO – “The Show”

The girls have decided to move on to the next level with a new show that includes vocal performance and an extended formula to create a complete audio-visual experience for the audience: LED screen with spectacular graphics, special effects (heavy smoke), costume change during the show etc.

Now there are two original and spectacular concepts to choose from: The Classical Fairytale (instrumental) and The Show (vocal/ instrumental, with extended team). No matter if it's a public square, a stadium, a concert hall, an international music festival, a ball, a corporate or a private event, Amadeus will capture the audience's heart with their music, look and charisma, entertaining and engaging the crowd.

- International Lingerie Show, Paris, 2003

Their secret?
Enjoyment, zeal
and synergy

Video – “Fericirea are chipul tau”
(instruments and voice)

They are not only receptive to bold ideas, but their enthusiasm and joyful approach to music and spectacle is perfectly complemented by a rigorous attitude towards business and performance.

Team work is very important, as is a good understanding of the environment and objectives of a particular event or contract. For these reasons it comes as no surprise that Amadeus successfully attended so many festivals and corporate events all over the world. Emotion and professionalism brought together.

The group consists of: Andreea Runceanu – 1st violin / vocal; Bianca Gavrilescu – 2nd violin / backing vocals; Patricia Cimpoiășu – cello / blockflute / backing vocals; Naomi Anelis – piano / keyboard.
